28032 Madrid, Spain

(+34) 636678087

ariadnacrespochamorro@gmail.com

Electromechanical Engineer with an MSc (Cum Laude) from KU Leuven, specializing in Advanced Robotics and Mechatronics. Strong technical background spanning robotics, industrial automation, PLC programming, programming, numerical simulation and CAD. International experience across Europe and Asia, with strong communication skills developed through teaching, project coordination and multidisciplinary teamwork.

EDUCATION

Non-degree program, Mandarin Chinese language	2025 - 2026
Shanghai International Studies University, China <i>Supported by the Chinese Government Scholarship (CSC)</i>	
MSc in Electromechanical Engineering (Cum Laude)	2024 - 2025
KU Leuven, Belgium <i>Specialization: Advanced Robotics and Mechatronics</i>	
BSc in Electromechanical Engineering Technology (Cum Laude)	2021 - 2024
KU Leuven, Belgium	
International Baccalaureate Diploma Programme (IBDP)	2019 - 2021
IES Principe Felipe, Spain	

EXPERIENCE AND PROJECTS

Master Thesis - Radiative Heat Transfer in Hydrogen and Methane Flames	2024 - 2025
KU Leuven, Belgium - Investigated radiative heat transfer in opposed-flow diffusion flames. - Developed numerical simulations for combustion and heat transfer analysis and applied MATLAB and Python for numerical analysis and data processing.	
Practical Interdisciplinary Project (PIP) - bAlcycle	2024 - 2025
Sentigrate x KICK Leuven, Belgium Collaborator in the bAlcycle app that uses real time sensor data to detect road quality to enhance cycling performance.	
Teaching Assistant - Fundamental of mathematics, Electronics and CAD	2022 - 2025
KU Leuven, Belgium - Supported students across electronics, mathematics and Computer-Aided Design courses. - Explained technical concepts clearly and adapted explanations to different levels of understanding.	
HR Manager and Project Coordinator	2023 - 2025
I2Impact, Belgium - Coordinated multidisciplinary international student lead social entrepreneurship projects and supported team organization. - Managed recruitment, on-boarding and team-building activities for a 40+ people team.	
UI/UX Designer	2022 - 2024
Skup Technologies, Belgium	

TECHNICAL SKILLS

Automation: PLC Programming · Siemens TIA Portal · LAD · FBD · STL · SCL · RoboStudio

Programming & Data Analysis: Python · MATLAB · Simulink · Java · SQL · Excel

Simulation & Design Tools: Siemens NX · Solid Edge · SEE Electrical · ANSYS Fluent · CHEMKIN · NI Multisim · CAD · Figma

LANGUAGES

Spanish: Native

English: C1 (IELTS 8.0)

Mandarin Chinese: HSK 4

German: A1
